This is one of the many activities that our students at Appomattox Elementary are actively involved. Both classes enjoyed the presentation.

4-H Club News cited

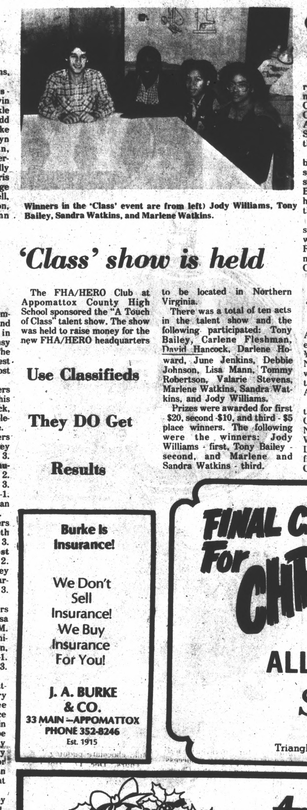
By CHERYL SIMPSON

Mrs. Turner's 4-H club met on November 9. Our president, Rhonda Ranson began the meeting with the pledge of Allegiance and the 4-H pledge. We sang several songs and played a military version of "Simon Says".

Soon it will be time for Public Speaking and 4-H'ers should begin writing their speeches.

Judging programs, which will be getting underway during the next month, are available to us for the first time. Judging program opportunities include egg grading, soils, forestry, meats, livestock, dairy, horse, and quiz teams in consumerism, dairy and horse.

4-H'ers may again order loblolly pine seedlings through the Virginia Division of Forestry. Twenty-five or fifty seedlings may be ordered free of charge, provided the 4-H'er has a suitable place to plant the trees.



Winners in the 'Class' event are from left) Jody Williams, Tony Bailey, Sandra Watkins, and Marlene Watkins.

Students stay busy

During the month of November, 4-H'ers in the 4th, 5th and 6th grade classrooms in Appomattox County were busy creating a spool decoration. The three categories for this contest were: Most Creative, Most Unusual and Prettiest.

4-H adult volunteer leaders who gave leadership to this project are: Mrs. Patty Myrick, Chairman, Mrs. Carolyn Coleman and Mrs. Tawanna Lee.

4th grade overall winners were: **Most Creative**-1. Stacey Myrick, 2. Nicole Preston, 3. Jennifer Paulette; **Most Unusual** -1. Sharon Jackson, 2. Mary Helen McLaughlin, 3. Sherry Hackney; **Prettiest**-1. Alan Scruggs, 2. Walton Dean Thompson, 3. Larry LeSuer.

5th grade overall winners were: **Most Creative**-1. Beth Carter, 2. Sharla Kvasnicka, 3. Denise Daubenspeck; **Most Unusual**-1. Joe Servis, 2. Allison Gilliam, 3. Rodney Prettiest; **Prettiest**-1. Jeff Garrett, 2. Robert Coleman, 3. Walteice Lee.

6th grade overall winners were: **Most Creative**-1. Lissa Martin, 2. Latrese Lee, 3. T. M. Phelps; **Most Unusual**-1. Jennifer Martin, 2. Greg Jamerson, 3. Renae Marshall; **Prettiest**-1. Amy Morris, 2. Kim Fuller, 3. Tracy Woods.

Each classroom at Appomattox and Pamplin Elementary was judged in the three categories and the first place winner from each classroom in the categories went to be judged in the overall county contest. This 4-H activity provided an opportunity for 4-H'ers to create and have an interesting 4-H experience at the same time.

Many thanks to John Mosby Inn for sponsoring this contest. The winning spools from each classroom (1st and 2nd place) and the overall winners will be placed on the John Mosby Christmas tree. Won't you stop by and see the 4-H'ers' creations.

The other spools will be on sale and will be sold locally at the two shopping areas in Appomattox County. The proceeds from this project will go to support the building of the swimming pool at Holiday Lake 4 H Educational Center.

Board appoints committee

The Appomattox County School Board appointed in October of this year a report card committee. The purpose of the committee is to study the present instruments used to report grades to parents and to recommend to the board by May, 1982 a revised reporting system.

Guiding the committee in its study are very basic criteria. One objective of the committee is to recommend report cards which will convey information to enable parents to determine achievement and progress of their children. Of equal importance is an objective to provide parents with information which is interpreted easily. Finally, the committee is concerned about the development of a reporting system which is consistent from kindergarten through grade twelve.

At this time each school faculty is involved in a study of the present reporting system. Instruments from other school divisions are also being reviewed.

Each faculty will report its recommendations to the school division committee. This committee will meet on January 25, 1982 to review the recommendations and to begin work toward development of instruments which will incorporate suggestions made by each school faculty.

As soon as the committee develops draft copies of report cards, these will be returned to the schools for further study. If there are other recommendations from the schools, they will be considered prior to construction of a final draft of report cards to be presented to the school board in May, 1982.

One of the requirements of the school board relative to the study of report cards was that parents be given an opportunity to express their concerns. Schools have sent survey forms to parents to obtain their recommendations. School committees, as well as the division committee, have parents as members.

If you have recommendations regarding report cards used in Appomattox County Schools, you are invited to call the school your child attends or te school board office (352-8251). Your recommendations shall be appreciated and shall be carefully considered by the report card committee.
